Integrate your communications

Rapid response requires consolidated communications. From multi-site dispatch to mobile command, Harris Switch*plusIP* is the leading solution for intergrating radios, telecommunications and systems.

RESPONSE

Reduced time to respond

SAFETY

Increased safety

EFFICIENCY

Improved efficiency

COST

Reduced cost of ownership

SwitchplusIP provides agencies with a powerful capability to coordinate and communicate with vastly distributed resources.

INTEGRATED SOLUTIONS

Stove piped communication technologies cause difficulties for agencies across the industry. Harris solves these problems with easy to use integrated solutions that can be expanded from the smallest single site system to the largest inter-agency multi-site or national system. With decades of experience, Harris understands the importance of easy-to-use systems in mission critical environments.

IMPROVED OPERATIONS

- Fully integrated communications
 - > Coordinated control — multi-agency interoperability
 - > Reduced complexity
 - > Reduced time to act
- Increased safety
 - > Improved situational awareness
 - > Centralised management
 - > Coordinated response
